

# BioFlex™ ULTRA

## ADVANCED JOINT SUPPORT

**TECHNICAL SPECIFICATIONS:** Formulated for Advanced Joint Conditions

**PROPERTIES:** Advanced joint supplement containing new ULTRA ingredients for better support of joint function and flexibility. AyuFlex™ has natural analgesic and anti-edema properties. Hyaluronic Acid aids in joint lubrication and collagen production. UC-II® works with the immune system to help maintain joint integrity. Boswellia Serrata Extract provides COX-2 and LOX-5 enzyme inhibition properties. Also contains Glycosaminoglycans (GAGs) and MSM (Methylsulfonylmethane) which are the building blocks of cartilage and joint fluid, Creatine to support increased energy levels and Vitamins and Essential Fatty Acids to support overall joint health.
