

BioCalm™ Mousse

SOOTHING AND CALMING MOUSSE FOR RELIEF OF ITCHING

TECHNICAL SPECIFICATIONS: Combines a proprietary formulation of Pramoxine and MicroSilver BG™ for enhanced antiseptic activity and to help provide temporary relief from itching. Ceramide III helps support healthy skin.

PRODUCT DESCRIPTION: BioCalm Mousse contains Pramoxine, a mild local anesthetic agent indicated for the relief of skin irritation. BioCalm Mousse also contains mild cleansing bases for the gentle cleansing of the skin. Formulated for adjunctive topical management to help provide temporary relief from itching.

ACTIVE INGREDIENTS: Pramoxine Hydrochloride 1%

INACTIVE INGREDIENTS: Purified Water, Cocamidopropyl Betaine, Glycerin, Polysorbate 80, Acrylates Copolymer, Polyquaternium 7, Fragrance, Methylchloroisothiazolinone, Methylisothiazolinone, N-Octadecanoylphosphatidylethanolamine (Ceramide III) and MicroSilver

DIRECTIONS FOR USE: Shake well before use. Brush the hair coat before application. For dogs and cats, dispense the volume of product onto the dry hair coat, based on weight, as indicated in the table below. Thoroughly, but gently, massage into the dry hair coat to allow the product to reach the skin. Repeat as necessary to cover the whole body of the animal. For horses, use focally on areas where application is warranted. Do not rinse off and allow to air dry.

Use as often as necessary. Safe to use with topical flea products and other topical skin medications.

For dogs and cats:

Under 11 lbs . . . 1 pump per 2 lbs

12-88 lbs1 pump per 4 lbs

Over 89 lbs1 pump per 6 lbs

Dosage may be doubled for long-haired dogs

For horses: Use focally to cover the area of application.

WARNING: Keep out of reach of children. Wash hands after using.

PRECAUTIONS: For topical use only on dogs, cats and horses. Avoid contact with eyes and mouth. If eye contact occurs, rinse thoroughly with water, discontinue use and immediately consult a veterinarian.

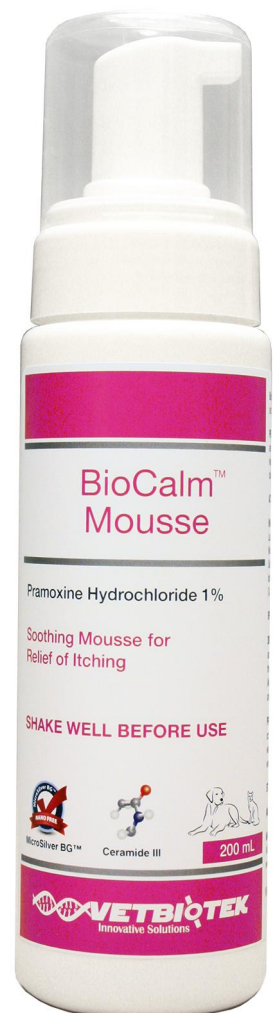

STORAGE: Store at room temperature. Protect from freezing.

AVAILABLE THROUGH LICENSED VETERINARIANS ONLY

PRESENTATION: 200ml
